

**MODIFICATION OF AGREEMENT #1  
EXTENSION OF AGREEMENT #1**

This extension is made between WHATCOM TRANSPORTATION AUTHORITY (LICENSEE), a Washington municipal corporation, and NAVILENS PROJECT CORP, a Delaware state registered corporation (LICENSOR). On May 1, 2023, LICENSOR and WTA entered into a one (1) year agreement to provide wayfinding QR codes and related services under a Software as a Service (SaaS) agreement. The SaaS agreement is renewable in one (1) year terms by mutual agreement.

LICENSOR and LICENSEE agree to the following:

1. **EXTENSION OF EXISTING AGREEMENT:** The AGREEMENT will be extended an additional term as described in the original AGREEMENT effective May 1, 2024 and expire April 30, 2025.

2. **MODIFICATION TO FIFTH SECTION "PAYMENT AND SERVICE CREDIT":**

LICENSOR will invoice WTA no later than the 15th of each month. LICENSEE reserves the right to refuse payment on invoices for work or services that completed sixty (60) days prior to the invoice receipt. Invoices for the previous year must be submitted by LICENSOR no later than January 15th. LICENSEE will refuse payment for previous year invoices submitted past this date.

Payment will be based on Net thirty (30) day terms and made in US Funds.

Invoices must be addressed to Accounts Payable or emailed to [ap@ridewta.com](mailto:ap@ridewta.com). LICENSEE will not be responsible for late payments due to incorrect routing on the part of the LICENSOR.

3. **TERMS AND CONDITIONS OF EXISTING AGREEMENT REMAIN THE SAME:** LICENSOR and LICENSEE agree the terms and conditions of the original Agreement and any executed modifications remain in effect except for the items noted.

**EFFECTIVE** at the final execution date below.
