ADDENDA # 1

DATE ISSUED: April 27, 2018

Part 2 Section C "Technical Requirements"

☒ Change ☐ Clarification ☐ Addition

Original Language:

Contractor Service hours shall be no less than 12 hours per business day (Monday through Friday). Under normal circumstances, results shall be provided within 24 hours (one day) and no later than 72 hours (three days) without approval from WTA.

Rationale for Addenda:

Revision to 8 hours minimum per business day

Explanation:

Understanding that some vendors may not operate in 12 hour shifts. This reduction in the minimum hours is to encourage more competition.
