Discount Details

For this enrollment, Microsoft provided the Customer's Partner an additional discount off of the Partner's Net Price. The Partner is required, by Microsoft, to pass on the additional discount to the Customer by reducing the Microsoft Product resale price by an amount equal to or greater than the discount.

Listed in the table below is the maximum price the partner may charge for the Microsoft Products to be ordered under this enrollment. The Maximum Resale Price (MRP) is calculated by subtracting the additional discount provided to the Partner, from the total estimated resale price for the Microsoft Products.

The requirement to pass through the additional discount, does not mean that Microsoft is setting the Customer's actual price. Partners remain free to set the price charged for Microsoft Products at any point equal to or below MRP. The Customer's actual price will be established by a separate agreement between Customer and its Partner.
