RFP #011322
REQUEST FOR PROPOSALS
for
Mailing and Postage Equipment and Technology

Proposal Due Date: January 13, 2022, 4:30 p.m., Central Time

Sourcewell, a State of Minnesota local government unit and service cooperative, is requesting proposals for Mailing and Postage Equipment and Technology to result in a contracting solution for use by its Participating Entities. Sourcewell Participating Entities include thousands of governmental, higher education, K-12 education, nonprofit, tribal government, and other public agencies located in the United States and Canada. A full copy of the Request for Proposals can be found on the Sourcewell Procurement Portal [https://proportal.sourcewell-mn.gov]. Only proposals submitted through the Sourcewell Procurement Portal will be considered. Proposals are due no later than January 13, 2022, at 4:30 p.m. Central Time, and late proposals will not be considered.

Solicitation Schedule

Opening:	January 13, 2022, 6:30 p.m., Central Time See RFP Section V.G. "Opening"

I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements, and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. USE OF RESULTING CONTRACTS

In the United States, Sourcewell's contracts are available for use by:

- Federal and state government entities;
- Cities, towns, and counties/parishes;
- Education service cooperatives;
- K-12 and higher education entities;
- Tribal government entities;
- Some nonprofit entities; and
- Other public entities.

In Canada, Sourcewell's contracts are available for use by:

- Provincial and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
- Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly-funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the Cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities;
- Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest;

- Members of the Rural Municipalities of Alberta (RMA) and their represented Associations: MASH (municipalities, academic institutions, schools and hospitals) and MUSH (municipalities, universities, schools and hospitals) sectors, and other governmental agencies eligible to use the Sourcewell contracts. MASH and MUSH sector refers to regional, local, district or other forms of municipal government, school boards, publicly-funded academic, health and social service entities, as well as any corporation or entity owned or controlled by one or more of the preceding entities, including but not limited to represented associations, Saskatchewan Association of Rural Municipalities ("SARM"), Association of Manitoba Municipalities ("AMM"), Local Authorities Services/Association of Municipalities Ontario ("LAS/AMO", excluding the cities of Toronto and Ottawa), Nova Scotia Federation of Municipalities ("NSFM"), Federation of Prince Edward Island Municipalities ("FPEIM"), Municipalities Newfoundland Labrador ("MNL"), Union of New Brunswick Municipalities ("UNBM"), North West Territories Association of Communities ("NWTAC") and their members. RMA Participants may include all not-for-profit agencies for Canadian provinces and territories.

For a listing of current United States and Canadian Participating Entities visit Sourcewell's website (note: there is a tab for each country): https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In the United States each state-level procurement department receives notice for possible re-posting.

Proof of publication will be available at the conclusion of the solicitation process.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Mailing and Postage Equipment and Technology, such as:

a. Solutions for the receiving, handling, preparation, packaging, tracking, and shipping of mail and parcels, including equipment, technology, hardware, software, supplies, and accessories;
b. Purpose-built mailroom furniture, furnishings, security or storage systems, and equipment, with related supplies and accessories;
c. Postage systems of all types and postal cost-optimization solutions; and,
d. Services related to the offering of the solutions described in Sections 1. a. – c. above, including installation, maintenance, repair, training, integration, support, and customization.

2. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:

a. Technology Catalog Solutions (RFP #081419);
b. Furniture Solutions with Related Accessories and Services (RFP #121919), with the limited exception of the purpose-built furniture identified in Section 1. b. above;
c. Industrial and Workplace Storage Systems with Related Accessories (RFP #010920), with the limited exception of the purpose-built security or storage systems described in Section 1. b. above;
d. Office Supply Catalog Solutions (RFP #012320);
e. Copiers, Printers, and Multi-Function Devices with Related Supplies, Accessories, and Services (RFP #030321); and,
f. Express Courier and Ground Delivery Logistics Services (RFP #090121).

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell desires the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four years, with an optional one year extension that may be offered based on the best interests of Sourcewell and its Participating Entities.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD $30 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the

contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
4. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
   a. **Line-item Pricing** is pricing based on each individual product or services**.** Each line must indicate the proposer's published "List Price," as well as the "Contract Price."
   b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.

2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To request a modification to the template Contract, a proposer must submit the Exceptions to Terms, Conditions, or Specifications table with its proposal. Only those exceptions noted at the time of the proposal submission will be considered.
Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.
